Leaving aside the actions of dissident groups discussed below, which began in the 1990s, the most sustained period of Irish republican terrorism was 1969-1997. Unfortunately for the Clann, that government's run proved to be somewhat disastrous and permanently dented their support.

Legion of the Rearguard, The

A number of the senior Free State commanders such as Emmet Dalton John T. In late December 1922, this group of around 100 men took a string of towns, first in Cork, then in Tipperary and finally Carrick on Suir, Thomastown and Mullinavat in county Kilkenny where the Free State troops surrendered and gave up their arms. In addition to the IRA, these included the hard-line elements of anti-Treaty Sinn Féin, such as, who had not followed de Valera into constitutional politics, and the rump of the anti-Treaty members of the, still proclaiming themselves the only legitimate Irish parliament.

‘God’s Battle’: O’Duffy’s Irish Brigade in the Spanish Civil War

 February 1862, an Army captain named Thomas Francis Meagher became the Brigadier General of the nascent Irish Brigade.
