### How to Build a Fence

When using an auger, avoid any areas marked by the utility company. Diagonal cross-braces like this should always angle downward to the lower hinge. I used a belt sander to remove just enough material from the gate frame to allow for proper clearance.

### Build a Wooden Fence and Gate : 13 Steps (with Pictures)

Also lay the hardware out where it's supposed to go. I understand the posts are typical pressure treated pine?? In colder climates, dig below the frost line. To be safe, hand dig any holes that are within 18-inches to 24-inches of a marked utility.

### Building a Fence Gate : 6 Steps (with Pictures)

Personally, when I re-do the thing I'll pre-drill and probably use galvanized screws instead of nails, and perhaps even use an adhesive caulk to glue everything into place. Measure down from it for each of the rail locations.

### Build a Wooden Fence and Gate : 13 Steps (with Pictures)

The gate posts should have no problems supporting the weight of the gate now. Perfect DIY White Picket Fence 37.

### 36 DIY Fences and Gates To Showcase The Yard

A gate like this is pretty heavy and will tend to lean towards the opposite side of the hinges. Make sure it does not come through the rail. Its called the Peak Instagate Gate Kit.
