Human Rights Coalition Urges Biden Admin To Boycott Beijing Olympics Over Abuses : World : Christianity Daily

International human rights groups gave the change a cautious welcome.

Human rights in China

Religious bodies and religious affairs are not subject to any foreign domination. The resolution was adopted by a comfortable margin with the US as the only no vote.

Lebanon must end impunity for human rights abuses following UN Human Rights Council review

The report describes endemic, systematic, widespread torture; the use of forced televised confessions; forced organ harvesting from prisoners of conscience; slave labor on a huge scale, which helps to supply 83 global brands; the creation of a surveillance state; and increasing influence at the United Nations and other multilateral institutions aimed at silencing criticism. A was implemented in June 2017, requiring all internet companies working in China to regulate content for Chinese citizens.

Lebanon must end impunity for human rights abuses following UN Human Rights Council review

Booksellers, , activists and a who went missing in neighbouring countries in 2015 and 2016 turned up at detention in China, causing concerns about China's law enforcement agencies acting. Rural workers who wanted to work in provinces other than their own were required to possess six passes, and the police periodically conducted raids in which they rounded up those workers who were without permits, placed them in detention centers for a short period of time, and then deported them.

2019 Country Reports on Human Rights Practices

These activities included assembling for religious worship, expressing religious beliefs in public and in private, and publishing religious texts. However, in keeping with Communist Party philosophy, candidates must be selected from a pre-approved list.

Human rights violations by the CIA

The Office of Electronic Information, Bureau of Public Affairs 19 September 2008. Authorities employ high-tech mass surveillance systems that make use of QR codes, biometrics, artificial intelligence, phone spyware, and big data.

'Indicative of Genocide': UK Report on Chinese Human Rights Abuses

Tibetan authorities have used a nationwide anti-crime campaign to encourage people to denounce members of their communities on the slightest suspicion of sympathy for the exiled Dalai Lama or opposition to the government. July 2010 The enacted a law in 2007 to protect private property, with the exception of land. According to a report by The Washington Post, though the International Olympic Committee has largely sidestepped the matter, the human rights groups and some lawmakers are arguing that hosting the Winter Olympics -- a quadrennial spectacle that promotes itself as a symbol of global harmony -- in Beijing provides an undeserved platform to a country accused of by the US government for its treatment of Uyghur Muslims in Xinjiang province, and of cracking down on democracy advocates in Hong Kong.
