### Drinking Water Report

III1 invited MEPC 67, in the context of the draft guidelines to be developed, to consider if it was necessary to develop amendments to MARPOL

Annexes I, IV and VI or relevant unified interpretations, as appropriate, to allow the exemption of unmanned and non-self-propelled barges from survey and certification requirements At III 2, The following views were also expressed during the debate: · the conditions under which the exemption was granted should be contained in the Convention itself rather than in the guidelines so that the scope of the exemption could not be extended; · if an exemption is granted to UNSP barges, effective control and supervision over UNSP barges would be required; concerns were raised about the potential administrative burden. All community public water systems must distribute their Annual Drinking Water Report and the Department of Environment and Natural Resources must receive a copy of their report no later than July 1st.
