## Drugs in adolescent worlds : burnouts to straights / Barry Glassner and Julia Loughlin

Drugs in adolescent worlds : burnouts to straights. Drug use by adolescents is usually viewed as the result of personal vulnerability to peer pressures and drug pushers. In this social worlds analysis, adolescents' own concerns with boredom, depression, social identity, friendship, access to drugs, self-control and folk pharmacology replace the professionals' focus on deviant behaviour.

Houndmills, Basingstoke, Hampshire : Macmillan MLA Citation Glassner, Barry. In this social worlds analysis, adolescents' own concerns with boredom, depression, social identity, friendship, access to drugs, self-control and folk pharmacology replace the professionals' focus on deviant behaviour. This book provides a new perspective, which is sociological rather than epidemiological, understanding patterns of drug taking in the context of ordinary social interaction.
