The annual revenues of the Safavids are not known; even the provincial viziers claimed not to know. As in earlier periods, the Safavid fiscal administration was based on the qānūn and dastūr al-'amal. European scholars now started to produce their studies of Islam on the basis of the Arabic texts, then available mainly in manuscript form, and the Islamic tradition itself.

COURTS AND COURTIERs vi. In the Safavid period

It may safely be assumed that Mubarakīyya was one of the original names of the nascent Isma'īliyya. Farhad vil sammen med sin forlovede og sin ven slå sin bedstemor ihjel. The Khawarij adhered to strict Islamic egalitarianism, maintaining that any meritorious Muslim of any ethnic or tribal

origin could be chosen through popular election as the legitimate leader or imam of the community.
