**Decision Making in Spinal Care, 2e**

Spine procedures are costly, elective, and are a focus of many payer-based programs. The challenge comes in how do we address these issues and what options are available for spine care. The book will also benefit spine fellows, medical students, and residents needing a comprehensive board review.

**DECISION MAKING IN SPINAL CARE**

The impact of specialized centers of care for spinal cord injury on length of stay, complications, and mortality: a systematic review of the literature.
