## Inspectorate

It would be prudent for a designer to take into consideration the space requirements necessary for accessible EVCS based on the total projected number of EVCS planned for the site, in addition to future accessible route requirements, so that the future installation of EVCS can be accommodated, but accessibility provisions are not required unless electric vehicle charging equipment is installed.

## Family Educational Rights and Privacy Act (FERPA)

Students who fail Co-op and Career Preparation will not be permitted to search for co-op employment nor will they be able to participate in a co-op work term. Visit and click on 'Announcements'. In covered multifamily dwellings in buildings with elevators, all units are required to be located on an accessible route.

## Family Educational Rights and Privacy Act (FERPA)

For assistance in developing a hazard assessment form or completing such an assessment, call Health, Safety and Environment at 822-2029. These work areas are inspected once per month in order to identify any imminent hazards or deficiencies. Where unisex facilities are provided for persons without disabilities, at least one unisex facility shall be provided for persons with disabilities within close proximity to the non-accessible facility.

## Inspecting and Advising von Joan Dean auf localize-img.justmote.me

This could reduce the cost of construction and major electrical upgrades.
