Village Life in the 13th Century

Television, radio, and newspapers have aided education by fostering a sense of national culture.

The minor rural aristocracy and great lords in thirteenth

Italy became part of the Spanish Habsburg inheritance in 1527 when the Spanish king Charles I Holy Roman Emperor Charles V sent his troops in to take over Rome. There is evidence that there is some change in this system as more and more often both parents work outside the home.

Battle of Montaperti: 13th Century Violence on the Italian 'Hill of Death'

Milan is predominant in the production of automobiles, airplanes, motorcycles, major electric appliances, railroad materials, and other metalworking. France and Spain in particular intervened in Italian affairs. Although manual exchange continued as an essential service of the moneychangers, by the thirteenth century they were adding other functions to their repertory.

Medieval Banking

It was not considered improbable that chemists might by experiment devise means to hasten this natural growth. This ethnic presence is reflected in the languages spoken: German is predominant in the Trentino—Alto Adige region, French is spoken in the Valle d'Aosta region, and Slovene is spoken in the Trieste—Gorizia area.

Narnia (country)

Remains of Greek and Etruscan material culture are found throughout the south and middle of the peninsula.
