### Italy government structure and political parties.

The is of the executive and the legislative branches. The 1994 elections also swept media magnate leader of coalition into office as prime minister. As the nation reeled from the most severe public health emergency it had faced in over a century, many expected Italian political parties to leave their differences behind and work together for the common good until the crisis is over.

### Government of Italy

The biggest difference is in the role of the President, who in Italy is merely a public figure with little powers. Figures expressed per thousand population for the same year. On 26 January, Giuseppe Conte submitted his resignation to the President of the Republic, Sergio Mattarella, who invited the government to remain in office to deal with current affairs.

### Politics of Italy

If a procedure can be speeded up at additional cost, the fastest procedure, independent of cost, is chosen. The president heads the Supreme Council of Defence, being the commander of the armed forces, and the Supreme Council of Defence.

### What Type of Government Does Italy Have?

Total vote includes valid and invalid votes, as well as blank votes in cases where these are separated from invalid votes. It also includes most expenditures on national defense and security, but excludes government military expenditures that are part of government capital formation. The data used in the index come from an annual survey of media independence in 197 countries and territories, assessing the degree of print, broadcast, and internet freedom in each of them.

### Economic and political overview in Italy

The highest court s subfield includes the name s of a country's highest level court s , the number and titles of the judges, and the types of cases heard by the court, which commonly are based on civil, criminal, administrative, and constitutional law.
