If this work seems so threatening to them, this is because it isn't simply eccentric or strange, incomprehensible or exotic which would allow them to dispose of it easily , but as I myself hope, and as they believe more than they admit, competent, rigorously argued, and carrying conviction in its re-examination of the fundamental norms and premises of a number of dominant discourses, the principles underlying many of their evaluations, the structures of academic institutions, and the research that goes on within them.

Entretien avec Jacques Réda on JSTOR

In 1964, on the recommendation of and , Derrida got a permanent teaching position at the ENS, which he kept until 1984. This collection of three books published in 1967 elaborated Derrida's theoretical framework.
