African Sustainable Agriculture Project

See about how to correct material in RePEc.

Research on agricultural development in sub

Many farmers in the region lack secure property rights over land or access to formal credit systems. We reviewed 38 high-quality studies that used an experimental or quasi-experimental approach to test the impacts of these financial products on rural and agricultural populations.

African Sustainable Agriculture Project

Please note that corrections may take a couple of weeks to filter through the various RePEc services. Students will then undertake applied research on issues of sustainable intensification and post-harvest innovation systems at various IITA research hubs.

Impact of Rural and Agricultural Finance in Sub

However, those policies often lack instruments to achieve the goals they set. It also allows you to accept potential citations to this item that we are uncertain about.

The place of agricultural research in the development of sub

Possibly, such intensification could raise resource-based output growth to as much as 3 percent per year over the next several decades.
