## Opening Up Borderland Studies: A Review of U.S.

This, combined with increased mobility in the era of globalization, has brought the concept of war—real or imagined—closer to home. Tucson, AZ: U of Arizona Press, 1996. The 92 percent to 8 percent Mexico-Canada enforcement ratio reveals a stark contrast in the way the United States treats the two borders.

## Opening Up Borderland Studies: A Review of U.S.

Austin: University of Texas, Center for Mexican American Studies, 1996. While warfare may have formally ended in 1848, the border region has since become integrated as a theater of war in U.

## CMAS Border and Migration Studies: The Militarization of the U. S.

It developed in relation to the anti-drug wars and an anti-terrorism discourse that related to U. As an actual boundary, it is intangible to most Americans, a nonentity in public consciousness, and a rare back-pager in the national media. The maquiladora system was initially created to use low-wage Mexican labor as a lure to draw U.

## Centering the Margins: The Transformation of Community in Colonias on the U.S.

Summary: Features the music and culture of Mexican-Americans living in southern Texas, showing food preparation, family life, dances, fieldwork, and other social activities. Report prepared by the United States Government Accountability Office.

## The Militarization of the U.S.

Mónica Serrano, The Militarization of the U.
