### The Magic of Railways

And remember, performing magic on the train is not allowed.

### The Magic of Railways

There are altogether twenty-one zigzags on the line.

### THE MAGIC OF THE ANDES

Piercing the sides of the mountains, and twisting and turning in great ravines, the train carries the passenger to some of the most lofty stretches of line in the world. Bellis received the role when he happened to pick up Britt Allcroft and her crew from the in July 1999. Thirty-three miles from Cacheuta we come out into the broad plain of Uspallata, set in the heart of the mountains 5,630 ft.

### The Magic of the Altar Rail

This is the only branch of the Antofagasta line on which snow gives any serious difficulties.
