That being the case, then human reason can only decide the question according to possible resulting happiness of the decision, weighing the gain and loss in believing that God exists and likewise in believing that God does not exist. To be put at the beginning of Pascal's planned book, the wager was meant to show that logical reasoning cannot support faith or lack thereof, We have to accept reality and accept the reaction of the libertine when he rejects arguments he is unable to counter.

La Bible selon Pascal

The Catholic church placed Les Provinciales on the Index, condemning it but failing to quell the controversy it stirred.

Pascal's wager

Do not, then, reprove for error those who have made a choice; for you know nothing about it. This is one point settled. Pascal also insisted upon strict empirical observation and the use of controlled experiments.

La Bible selon Pascal

Learn of those who have been bound like you, and who now stake all their possessions. Cheerless or not, he did live most of his life with a frail body, and his many illnesses finally took their toll at age 39. Uncertainty in reason There is nothing so conformable to reason as this disavowal of reason.
