Publishers from different factions of the Latter Day Saint movement have published different chapter and verse notation systems.

Book of Mormon

In the Book of Mormon, dialogic revelation from God is not the purview of prophets alone but is instead the right of every person. Most prominently, contends that both skeptical and affirmative approaches to Book of Mormon historicity make the same -derived assumptions about scriptures being representations of external reality, and he argues a more appropriate approach might adopt a premodern understanding of scripture as capable of divinely ordering, rather than simply depicting, reality. Mormon is said to have received the charge of taking care of the records that had been hidden, once he was old enough.

Book of Mormon

The Book of Mormon provided theological backing to this proposition, and suggested that the lost Tribes of Israel would be found in other locations throughout the world as well.
