BRE Publications

Since 1969, private foundations have been subject to stricter and more extensive federal rules than public charities, including strict prohibitions on self-dealing, and limits on the amount of stock they can hold in any one company. Rather, they are commonly used in the field of philanthropy to distinguish the different kinds of private foundations. Organizations that only operate charitable activities are classified under.

A community foundation is yet another kind of public charity. This national guidance provides best practice planning guidance in respect of how large ground mounted arrays are developed setting out planning considerations and requirements. With the help of millions of volunteers and the generosity of countless donors, they provide many services and perform many functions that in some countries are largely performed by government.
