Article Abstracts: # 119

Lu Xun is the founder of modern Chinese literature. Studies of the sf of the ROC period are still at a preliminary stage and many texts still await detailed analysis. These changes began only in 1992, the year that Deng Xiaoping, then leader of China, gave a series of talks in South China advocating economic reforms.

Crazy Little Thing Called Love (1996)

Paradoxical feelings of detachment from and attachment to reality find voice in his sf writing, which ought to be viewed as the practice of dharma as well as a critique of reality. Selective hydrogenation reactions of olefin and benzene subunits led to diverse hydrocarbon belts with varied structures. Synthesis and derivatization of hetero-buckybowls.

Yuan Tan

Synthesis of a Sidewall Fragment of a 12,0 Carbon Nanotube. APPENDIX: Milestones of Chinese Science Fiction This appendix lists milestones in the history of science fiction in mainland China, including the major historical events that influenced its development.
