Influence of Ramayana on Indian Art & Culture

Book 7 Uttarakāṇḍa begins with a long section in which Agastya tells Rāma details of the careers of Rāvaṇa and Hanumat. Suggests that itihāsa is to be spoken, and kāvya sung. This latter, altered half of the original tale is the most popular, and it is performed in all performances.

The large number of preserved manuscripts attest to its popularity and adaptation. Because we all understand how mastery of skills at certain times can yield to coping with difficulties at other times, we see the appeal of models who operate at the extremes of this capability spectrum even as we find ourselves all the more often at its middle.

Rāmāyaṇa

. Storytelling Sundays 10:00-10:45am PST: Is there a story your heart is wanting to unfold? Remind them that dharma is like one's role in a play or position on a team.

Vālmīki's Rāmāyaṇa Translation Project

Movies Inspired from Ramayana In the 20 th century India, many movies were made based on the Ramayana.

The Rāmāyaṇa

The Ramayana was popular during the 16th century , and it was a favourite subject of Rajasthani and Pahari painters of the 17th and 18th centuries.

Online Offerings

For me, the classics that do so most captivantly are epics.
