Uyghur tili

Consonant harmony is discussed below. In Uyghur, stress is mostly determined by the length of syllables. The Cyrillic Uyghur script is used throughout.

现代维吾尔语语法 (豆瓣)

Royalty is also addressed using سىلى, sili and sometimes even customers in stores. Have not looked at it yet, but looks pretty good.

Uyghur tili

The informal سەن, sen is also used when the speaker has a higher social rank than the addressed person. Besides Islam, the extension of Chaghatay and Mongol rule to these easternmost oases contributed to the leveling of the local language varieties across the Tarim Basin. Xinjiang University Press: Urumqi, 2007 A good introduction to Uyghur for English speakers.

blow în uigură

The one unfortunate point is the presence of numerous typographical errors in the Uyghur script throughout the book, but this takes away more from the book's beauty than it does from its value. Her research focuses on language contact and language ideology.

现代维吾尔语语法 (豆瓣)

Ғылым: Алматы, 2005 A very nice book intended for self-study of the Uyghur language. Highly recommended for English speakers just starting to learn Uyghur.

Uyghur grammar

Have not looked through this one yet. 1995 مىللەتلەر نەشرىياتى: بېيجىڭ Volume 5.

ھازىرقى زامان ئۇيغۇر تىلى

2012 شىنجاڭ مانارىپ نەشرىياتى: ئۈرۈمچى، This book is intended for middle and high school students and gives a very complete overview of the language - addressing phonetics, lexicology, grammar, syntax, and punctuation. Near front vowels, gh is often pronounced more front, like French Rue or German Rübe. .

Review of Uyghur Language Materials

Most are not pronounced much differently than their English counterparts e.
