Beyond Universities: A New Republic of the Intellect — Institute of Economic Affairs

Why does Death stand at the foot of the bed? Hence, a physician is judged competent by the effective treatment of the sickness of a patient, yet might face a medical lawsuit should the treatment harm the patient. The Black Book of Communism. New York: Oxford University Press.

Mortimer J. Adler

When I visited the embassy to meet Cornstein, he sauntered into the room in a purple turtleneck sweater, a large watch on his wrist. The majority of pages are undamaged with some creasing or tearing, and pencil underlining of text, but this is minimal.

Life Beyond the Mind

Chicago: University of Chicago Press. The rate of emotional distress reported by students themselves is also high, and rising.

Life Beyond the Mind

Even the United States, run by a president who is no fan of George Soros, offered to help the university.

The Future of the Brain

A charming fact about George Soros is that he keeps a court of eccentrics, loquacious intellectuals and academic theoreticians who have become his advisers and friends. The psychiatrist Sarah Roff pointed this out last year in an online article for The Chronicle of Higher Education.

He presents himself as possessing a superior grasp of the facts, an aura of confidence that permits him to speak in long paragraphs filled with obfuscation. His diminutive size invited bullying, which he attempted to repel with displays of overwhelming force. What we are talking about here is a state of alert attention to what is, where compulsive thinking no longer operates.
