### Biography

Here, an arched tree branch that juts from the canvas dictates the shape and the curve of an intersecting line drawn in pencil, creating two larger intersecting circles that continue beyond the plane of the canvas.

### François Morellet. In

In 1961, he was one of the founders of the GRAV , with fellow artists , , , , the son of , , and the last two left the group shortly after.

### François Morellet

Inspired by his first encounters there with Concrete art and the work of Max Bill, he began creating works that followed simple systems and rules and eliminated as many arbitrary decisions as possible. Château de Montsoreau-Museum of contemporary art website.

**François Morellet: In**

The tilted canvases could then humorously evoke the queasiness caused by excessive wine consumption.
