## T.S. Eliot: Culture and Anarchy ~ The Imaginative Conservative

Moreover, in the interests of promoting religion and tradition, a uniform system of education would be executed. Most assuredly, those conflicts resulted in the death of Charles, so it may not be at all coincidental that medieval English mystics, of whom Julian remains an outstanding example, were very much in vogue during the 17th century, perhaps because of their connectedness to an England where faith was a communal constant rather than a source of divisiveness. Begun in 1892 at The University of the South in Sewanee, Tennessee, the Review is devoted to American and British fiction, poetry, and reviews — as well as essays in criticism and reminiscence.

## The Criticism of T. S. Eliot on JSTOR

Here, however, the connection would not be a purely literary one so much as an iconic moment for Eliot.

## Analysis of T.S. Eliot's Function of Criticism

But that is in the rose garden.

## Analysis of T. S. Eliot's Four Quartets

Otherwise his poetry at this point, toward which he has been laboring throughout the composition of the sequence of the poetry that will eventually become the Four Quartets, will ring hollow for anyone who is not a Christian or, equally a challenge, unacquainted with Christian beliefs. MUSE delivers outstanding results to the scholarly community by maximizing revenues for publishers, providing value to libraries, and enabling access for scholars worldwide. In other words, what historians had over the makers of history was hindsight, the ability to understand the context of events and activities as was not possible while they were taking place.

## **The Criticism of T. S. Eliot on JSTOR**

Surely, with the war on the one hand and the calendar on the other, Eliot must have been becoming more and more conscious that both his generation and his epoch were passing. Ann Arbor: University of Michigan Press, 1993. Such measures were all to no avail, however.

### **T.S. Eliot: Poet and Critic as Historical Theorist**

The Composition of Four Quartets. Tradition's purpose lay not in futile antiquarianism, but in improving the present, and by extension, the future. The day is buried; a black cloud conceals the sun.

### **Analysis of T.S. Eliot's Function of Criticism**

Eliot, to be born in St. Indeed, England at that time, May 1941, was not doing well in the conflict.

### **T.S. Eliot: Poet and Critic as Historical Theorist**

It is particularly important, then, for the reader to remember that Eliot is not only a poet first and foremost but a poet who, in virtually all of his critical writings, stresses poetry as its own species of human communication, one whose primary consideration is hardly ever a purely thematic one.
