Please note that certain areas are affected by specific Overlay Districts, which also regulate land use; therefore, the Overlay Districts have been included in the links below.

Guidelines for land

As noted in , guidelines are not mandatory. Included below are the Land Use District Map delineating the specific Land Use Districts as well as Land Use District Guidelines for each District. The laws strongly emphasize coordination -- keeping plans and programs consistent with each other, with the goals, as statutes are updated, and with acknowledged local plans.

Land Use Guidelines and Overlay Districts (Zoning Information)

Oregon's statewide goals are achieved through local comprehensive planning. When LCDC officially approves a local government's plan, the plan is said to be acknowledged. The goals express the state's policies on land use and related topics, like citizen involvement, housing, and natural resources.

For additional information, contact the Planning Department at 970-453-3160. Plans are reviewed for such consistency by the state's Land Conservation and Development Commission LCDC. Most goals are accompanied by guidelines, which are suggestions about how a goal may be applied.
