Trimmer's Natural history, though additions have been made from various sources, and a number of American animals introduced, not noticed in that work. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. Are given in as concise a manner as the work will admit of, including such accounts of the manners, habits, and modes of life, of the several classes of animal creation, as are most likely to attract the attention of the reader, and render the subset generally interesting and instructive.
