All branches of the work demand perfect concentration of thought and attention, and such invaluable mental training cannot be too highly prized, for it is fundamental to success in work of any kind, whatever it may be.

### **Teaching Music to Kids : Orff, Kodaly, and Dalcroze Methods**

When the movements corresponding to the notes from the crotchet to the whole note of twelve beats have, with all their details, become a habit, the pupil need only make them mentally, contenting himself with one step forward. Jaques-Dalcroze has re-opened a door which has long been closed. All students are keen and anxious to live as full a life as possible, every one will willingly and unselfishly take time and trouble to help others who know less than themselves.
