FINAL TABLE: Vote and vote in the 2016 Presidential Election in the United States. (Source: TDMs|RESEARCH)  
Discrepancies in the exit polls of four key battleground states were highlighted in blue. Trump's votes in the computer vote counts in these same states were highlighted in red. Slight apparent discrepancies in percentage arithmetic are due to rounding.

Description: -

- Decoration and ornament -- Art deco -- Collectors and collecting.

Voting -- United States.

## Can Trump Really Lose the Election and Remain President?

Under the law, would-be voters whose registration is questioned at the polls must be allowed to cast provisional ballots that can be counted after the election if the voter's registration proves valid. DeForest Soaries, the GOP chairman of the Election Assistance Commission -- the federal agency set up to implement the Help America Vote Act -- upbraided Blackwell, saying that the commission disagreed with his decision to deny ballots to voters who showed up at the wrong precinct.

## The history of 'rigged' US elections: from Bush v Gore to Trump v Clinton

To cast a ballot, voters must present the card and be certified by a thumbprint scanner.

## The New York Times > Washington News > Election 2004 > Times on the Trail

The then ruling party, Justice and Development Party AKP lost the parliamentary majority garnering only 40.

## Opinion

In Hocking County, deputy elections director Sherole Eaton caught an employee of Triad -- which provided the software used to count punch-card ballots in nearly half of Ohio's counties 197 -- making unauthorized modifications to the tabulating computer before the recount.

## 2004 United States presidential election

Sheila Jackson Lee of Texas, who called for an independent audit of discarded ballots; a national Election Day holiday; and a rule that barred officials who oversaw elections from working for a partisan campaign. JUAN GONZALEZ: Let me ask you. It offers a pretty good case-study of how bullshit can come to dominate our online discourse.
