### Arab Political Economy: Pathways for Equitable Growth

You can help correct errors and omissions. Ladies and gentlemen, We, at ESCWA, firmly believe that development is a universal right, which cannot be attained without global, regional and national cooperation.

### Analyzing the role of industrial sector's electricity consumption, and GDP: A modified empirical evidence from Pakistan

Partnerships between the private and public sectors in financing sustainable energy projects is key and remains a strategic focus for APICORP now more than ever. They have generally avoided a reprise of the catastrophic military conflicts of the 1960s and 1970s.

### Modeling Economic Growth and Energy Consumption in Arab Countries: Cointegration and Causality Analysis

The mission of Renewable and Sustainable Energy Reviews is to communicate the most interesting and relevant critical thinking in renewable and sustainable energy in order to bring together the research community, the private sector and policy and decision makers. EBIT: The operational profit or earnings before interest and taxes EBIT amounted to SR1,367 million in 2020, an increase of 41.

### APICORP finances first independent sewage treatment plant in Saudi Arabia

Ghassan Khoury, Minister of Culture, Mr. But certain common elements are clear: New, successful Arab political economy models will require that leaders meaningfully invest in traditionally marginalized constituencies, such as youth and women.

### Renewable & Sustainable Energy Reviews

But, often, these reforms happen in the last minute and under severe budgetary pressure, leaving little fiscal wiggle room to replace subsidy systems with modern social security and safety nets to protect poorer households.

### **APICORP finances first independent sewage treatment plant in Saudi Arabia**

Steffen Hertog is an associate professor in comparative politics at the London School of Economics, with a primary research focus on the comparative political economy of the Arab world. Broadly speaking, there are four aspects of successful economic policymaking: supporting macroeconomic stability, building human capital, promoting international trade, and encouraging private enterprise.

### **EconPapers: International Journal of Energy Economics and Policy**

No Arab regime has yet found a formula to move away from fiscally unsustainable public job guarantees to a broader-based welfare system.
