communism

In Tibet, Buddhist monasteries have police stations on their premises, and monks and nuns are under constant surveillance. Since its start a century ago, Communism, a political and economic ideology that calls for a classless, government-controlled society in which everything is shared equally, has seen a series of surges—and declines.

The Communist Takedown of America

That number represents about 13 percentage points more than the percentage of Americans unemployed

during the height of the Great Depression. Religious tensions were major issues in the presidential elections of when the Democrats nominated , a Catholic who was defeated.

Why communist and leftist governments hate Christianity

Chinese authorities in cities across China burned millions of Falun Gong books and materials after the communist regime launched a campaign to persecute the spiritual practice in July 1999. Going forward from its foundation, the United States has been called a nation by a variety of sources.

Communists: Religious fanatics in secular disguise

Those who toil and live in want all their lives are taught by religion to be submissive and patient while here on earth, and to take comfort in the hope

of a heavenly reward. Communist states, particularly the Soviet Union, have tried to eradicate every bit of religion that have existed since their revolutions.

religion

As important as religion is in politics, Jefferson, the third president of the United States, had to fight his way into office due to his controversial thoughts about religion.
