### Fronte Popolare Autorganizzato

The forty hour week was particularly problematic in light of German weapons production - France was trying to compete with a nation which not only had a larger population but one which was working fifty to sixty hour work weeks. Other scholars blame the complex coalition of Socialist and Radicals, who never really agreed on labor policy.

I lavoratori inoltre rifiutarono di recuperare i giorni non-lavorativi infrasettimanali dovuti alle festività ed alle intemperie. The strike's objectives were numerous, hazy, with none having unanimous support. Il leader del nuovo governo è il socialista.

Le fabbriche diventano talvolta luoghi di festa per degli operai che vedevano per la prima volta riconosciuti i propri diritti. But the military, by and large, were very French -- not pro-English but anti-German. On 11 June, the Chamber of Deputies voted for the forty-hour workweek, the restoration of civil servants' salaries, and two weeks' paid holidays, by a majority of 528 to 7. In August 1936, regulations extending the provisions of the Family Allowances Act to agriculture were signed into law. L'anno seguente le forze della reazione diedero prova delle loro potenzialità quando lo scontro si radicalizzò.

### **Popular Front (France)**

For the first time in its history, France has a Socialist government. With government paralyzed, tensions grew greater and greater both between the different parties in parliament and within public opinion. I minatori del nord, quelli del Pas de Calais e i metallurgici parigini lasciarono il lavoro il 10 maggio ma tornarono al lavoro dopo il 20 cioè dopo che la fermata della metropolitana parigina si risolse in uno sciopero fallimentare durato solo un giorno ed il 29 maggio gli cheminots capitolarono.
