Pastoral Prayers

Any like this latter require enough attention to determine whether they support or hinder our freedom to make a decision. They back away, once the children have learned to stand and to take some tentative steps.

Essays on Discernment

Ritual is not in itself anti-therapeutic. Maybe that is why so many in the Church, go beyond the walls of the Church to seek help. The experience is that of winning a contest in the very private and intensely personal struggle where we overcome our fears and do what we have to do in order to maintain our integrity.

POWER OF PRAYER: Healing and therapeutic prayer in counseling

Eloise, frightened about her immediate future, was talking about her fears.

Essays on Discernment

Or we might find in reading something unrelated to our decision that we discover a powerful motive welling up within us.

Models of Pastoral Care and Counseling

My passion is to help others apply God's truth to every aspect of life for his glory and our enjoyment of him. I see this faith as the core of everything. This helps to challenge their sense of loneliness or seclusion, creates a rapport, and helps to build trust in the therapeutic relationship.
