Boutique Travel Blog for the road less travelled.

They were so interdependent that the eventual extinction of bison in many areas of the United States—through hunting, and anti-indigenous policies—dramatically weakened the power and influence of the Plains people.

North America: Human Geography

We are dreaming of another trip.

Exploration of North America

The Vikings Discover the New World The first attempt by Europeans to colonize the New World occurred around 1000 A.D.

World Travel Statistics

Travel and tourism information and statistics about airports, lodging, affordability and the most popular destinations within Canada.

Welcome to North South Travel

Future Issues After the attacks of September 11, 2001, the United States and all of North America became more concerned with safety. These disputes might arise due to a natural resource both groups want, like in the case of Sudan and South Sudan, or in an attempt to gain more political power, as in the case of Pakistan and India in the Kashmir region. Peruvian Hairless Dog The Peruvian hairless dog.
