Prophecy

Novelty of wednongue propriety grown through the heirs of drastic impertinence gilded from the siphon of lavadero hypogeiody blasphemous in bletonism that guards a piebald scrivelo because the sought dementia of an overwrought alacrity is a purpose without a terminus but an ambition soaring through scraped ice cream stratosphere that marvels at the minutiae of the civilized anthill that becomes a beehive of industry when the rationale of moral reform becomes insuperable rather than suborned into effete recursive cycles of pittances of pitfalls obsessively pondered but never solved because the fustilugorianation of a forever tampered travesty is the esemplastic rejection of a categorical aim that leans of windlasses of elegance that surpass the levy of hatred and achieve sizable filagersion to squirm above the squawk upon populace rather than the consternation of an urbane but cloistered metropolitan arrogance contravened by the historical emergence of happenstance locales fostering the most well-guarded treasures of bohemian pedigree rather than dimpled resolve faffling on ergasia in bromidrosis rather than cavorting with a skeptical indoctrination by default evaded by those that equate an improbable scenario with a definitive solution to acatalepsy quandary because by reckoning with indeterminacy we grow in historical lineaments and solve global detritus by recycling the rattled brevity of promontory preens of plumage into a recursive ostentation defalcating heavily from sturdy macroeconomic proofs of the trendsetter rather than the trend and therefore grapple with profound personalized disdain rather than cordial harmony.
