## Tourism and COVID

With tourism comes economic growth, a welcome influx of wealth, social and environmental growth and an abundance of opportunity. Other direct impacts include damage or removal of vegetation, loss of vegetation height, reduction in foliage cover, exposure of tree root systems, migration of trampled vegetation, and introduction of. This is something that can negatively impact the local people of a country, because instead of respecting and admiring the culture from a distance, we impose countless tourists into the traditions.

## Tourism

Inbound tourism boosts the economic growth of a region's economy while providing high potential to support job creation.

## How to Promote Local Tourism

The supply and demand side can be seen to be linked by flows of resources such as capital, labor, goods and tourist expenditures into the destination, and flows of marketing, promotion, tourist artifacts and experiences from the destination back into the tourist generating region.

## How to Promote Local Tourism

And many providers contribute to the tourism experience. With the disturbance from human activities, open niches may become an available giving opportunity for aggressive non-native species to become established and take advantage of new resource availability. Foreign exchange earnings Photo by Sankalpa Joshi on One of the biggest benefits of tourism is the ability to make money through foreign exchange earnings.

## How to be a Local Tourist

Sustainable tourism: Economic impacts of tourism Tourism brings with it huge economic potential for a destination that wishes to develop their tourism industry.

## Economic impacts of tourism

These social impacts can be seen as benefits or costs good or bad.

### **Visit New Orleans**

Preserving Local Culture It is the local culture that the tourists are often coming to visit.
