is 180million. Technical knowledge given to farmers was not adequate enough to support development and, the innovations suffered customary lag.

Irrigation; 2 things to know about Irrigation

Increase yield to 80% -100% of benchmark countries. The programme was aimed at increasing the production of food and raw materials in order to ensure food security and self-sufficiency in basic staples. This ministry is primarily funded by the Federal Government of Nigeria and it currently superintends almost fifty parastatals operating as either key departments or agencies across the country.

An Appraisal of Techno

Recently, growth in the agricultural sector is being driven by Crop Production output, which accounted for 93. There were also a number of agricultural development intervention experiments, notably · Operation Feed the Nation, launched in 1976; · River Basin and Rural Development Authorities established in 1976; · Green Revolution Programme, inaugurated in 1980 · The World Bank-funded Agricultural Development Projects ADP. It places the water directly in the root zone and minimizes evaporation and loss of water.

The Green Alternative

In this aspect of fishing, the aquatic animals are allowed to grow in their natural environment and then harvested or caught by deploying nets on trawlers and other sea-faring vehicle built for fishing.

The Green Alternative

It is therefore suggested that, government should consent to statutory policies and principles of innovation emergence and transfer.

HISTORY OF AGRICULTURE IN NIGERIA

Agriculture in Nigeria According to World Bank estimates, the population of Nigeria

HISTORY OF AGRICULTURE IN NIGERIA

The Nigerian Agricultural Land Development Authority NALDA : This was established in 1992. . In summary, Agriculture has had a long history in Nigeria albeit a not so successful one but the future is great and the right people need to be involved to move it away from rhetoric to a life-giving, money-making venture for the good of man and country.
