**Judaism and Ecology: Created World and Revealed Word by Hava Tirosh**

New York: Cambridge University Press, 2015. This is probably best not as an introduction to Judaism and Ecology but as a deeper exploration of the complexities of Jewish law and narrative.

## Judaism and the Environment

Altering Creation The Bible says we must preserve the natural balance of creation.

## Judaism

However, even as regional groups like Shomrei Adamah of Greater Washington DC founded in 1990 sprung up to do grassroots organizing, the national organization pulled away from involvement with regional groups. Others strive to integrate the two by reading scientific theory into the Jewish tradition or understanding science in light of the Jewish tradition.

## Judaism & Science in History

While qabbalistic texts abound with symbols derived from the natural world, corporeal nature was regarded as evil to be transcended or spiritualized. This trend can still be found in newer organizations like the Shamayim Va'aretz Institute and.

In the past few years, Jewish environmental consciousness has poured itself into the farming movement, sparked by Adamah, and the food movement, focalized by Hazon. Judaism and Environmental Ethics: A Reader. The rise of modern science created new challenges for the Jewish tradition.

## Judaism and the Environment

A contrary viewpoint, however, holds that the natural world is contingent upon the acceptance of the Torah by the Jewish people; had they rejected the Torah, the world would have reverted to primeval chaos. Humanity is not formed until the sixth day, after light and darkness, water and dry land, plants and animal life. When the alienation from God becomes egregious and injustice overtakes God's people, God removes them from the.
