## RADIO 702 BLOGGER

These complicating factors appear to have made many departments abstain from or postpone their strategic planning.

## Follow the Gauteng Provincial Government Mid

This report provides a stimulus for all to improve on how services are delivered, both those who have done well up to now, and those who have done less well.

## Provincial government spending: Education and health

The MEC for Sports will work with the municipality in resolving all legal matters between the city and private partners for the future development of the facility into a multi-sports complex. There has been a major improvement from 57% in 2008 to 75% in 2011 in the percentage of learners who complete schooling to matric level.

## Gauteng often a victim of its own success

It also serves as an enabler for poverty eradication and employment creation. We do this to demonstrate our Zero tolerance to corruption.

## MEC Nandi Mayathula

Hon speaker, we remain committed to making Gauteng a Province fit for children.
