Balancing prescription and guidance for local transport plans

As we enter the last year of the current authorization, we can contemplate the nearly one hundred New Starts successes funded by FTA since the program's inception, and reflect upon how we can

Filesize: 5.510 MB

continue to support the development of such beneficial transportation investments. .

Transport Planning

FTA recognizes that every rail fleet is unique to the environment in which it operates. In some cases, the remediation of contaminated soils or groundwater, the removal of underground storage tanks, or the negotiations for railroad access, will be lengthy and complicated. Further, FTA will direct its Project Management Oversight contractor to make a spot report on the adequacy of the cost estimate and its contingencies and the reasonableness of the project schedule.

FTA will approve or disapprove entry into final design within 120 days of receiving a formal request from the project sponsor. MTA with coordination from resource agencies.

Guidance on local transport plans, Department for Transport

The Congress consulted the draft circular and model FFGA in crafting several provisions of the Intermodal Surface Transportation Act of 1991 ISTEA. This section has three provisions of special note.

Guidance on local transport plans, Department for Transport

FTA determines the maximum percentage that is appropriate for each Federal funding source. FTA encourages recipients to contact their prior to submitting a request to the docket, as many requests can be resolved with the regional office. This revised guidance describes FTA procedures for the development and execution of an FFGA.

Transport Planning

Under pre-award authority, the project sponsor is authorized to incur costs that are eligible under FTA grant programs prior to grant approval and retain the eligibility of those costs for subsequent reimbursement by FTA after grant approval.
