Unspoken Thoughts

Glitch in the Matrix, though vary in definitions, but for me who i had my own experience of it, is when time and space trying to rebalance itself due to various interferences, caused sometimes moments that supposed to be happened in the future, but already happening in the past or present time. There are beings that better to be not mentioned here for the sake of sanity. I also sometimes wandering through the world of the seen and unseen.

Speak On It Unspoken Thoughts

Ghosts, fairies, spirits, people who doing astral projection. Putting God first was my only way out of depression and bad choices. .
