## Analyzing, Interpreting and Reporting Basic Research Results

It can reveal details that had been overlooked as well as unnecessary elements or gaps in the program design.

## Using a Personal Development Plan for Different Purposes: Its Influence on Undertaking Learning Activities and Job Performance

During monitoring and evaluation, either ongoing or after the completion of a project, it is important to celebrate successes and to learn from setbacks to further community development.

## How to Write a Survey Report (with Pictures)

We identified five papers — and one internet site that provided guidance on the reporting of survey research. A Tool kit to help with community assessment on a specific topic from the Vermont Dept.

## Research Reporting Guidelines and Initiatives: By Organization

It is possible that journals with lower impact factors contain guidance for reporting survey research. Regularly updating your PDP allows you to set new goals that help you grow as a professional and individual. The figure below shows where four commonly used behavior and social change theories fall on the individual to structural continuum.

## How to Conduct a Situation Analysis

Technology Analysis and Strategic Management, 8, 223—232. Remember: Keep your questions as short and direct as possible.

## Chapter 3. Assessing Community Needs and Resources

The office that participated employs 200 in total. Boil it down as much as possible. Try to use a positive tone and language in your summary.
