## Historical Geography

This sought to reconnect geography with a wider range of disciplines in the arts and humanities, based in part on the theory and practice of hermeneutics. Since the mid 1980s, new historical geographies of space, power and the social order have extended this style of historical research, inspired by a range of poststructuralist theorists, notably Michel Foucault. The Trail began at that stretch of the Missouri River where the stream turns sharply eastward at the mouth of the Kansas River.
