Legal services industry in the U.S.

The report presents detailed analysis of the characteristics of students who progress to pupillage and aims to promote transparency in the training system and to inform our programme of work on equality and diversity. The BSB commissioned Oxera to undertake an economic analysis of the current regulatory arrangements for the provision of professional indemnity insurance PII to barristers, in the context of the thematic review by the Legal Services Board LSB on the provision of PII to legal services providers.

Annual 2019: ABA releases new report on legal profession statistics, trends

It looks specifically at advocacy in the profession within the context of the different areas of law of advocacy, and was designed to cover a wide range of topics. This report presents an analysis of the data relating to the backgrounds of those students who enrolled on the BPTC in the academic year 2010-11 and supplied monitoring data to the BPTC providers.

Annual 2019: ABA releases new report on legal profession statistics, trends

A report exploring the effectiveness of the BSB's rules that require newly qualified barristers with less than three years' standing to have readily available access to an experienced practitioner - a Qualified Person QP - for support and guidance. As these and several other distinct trends in the legal profession have emerged, data compiled over the years by the American Bar Association provides statistical insight on the changes. The research findings are found in three separate documents as follows: - - - Published in January.

Legal services industry in the U.S.

There are now 25,600 solicitors working in-house, twice the number in 2000 and representing 18 per cent of the solicitor population. September 2016 The purpose of this report is to tell our stakeholders about the outcomes of our quality assurance activity in relation to education and training.

Our research reports

· 76% of law firms are on social media. The BSB announced how it intends to work with the profession to make further progress in eliminating the discrimination, harassment and other unfair treatment of female barristers.

SRA

The report presents detailed analysis of the characteristics of students who progress to pupillage and aims to promote transparency in the training system and to inform our programme of work on equality and diversity. We cannot guarantee that Trends In The Solicitors Profession book is in the library. The research involved qualitative methods with recent and prospective users of legal services, including a series of mini-groups, face-to-face depth interviews and a workshop.
