Nelson Mandela writes from prison

The inmate may first call an outside accomplice, who then initiates a three-way call to you, thereby preventing you from hearing the recording that precedes calls from correctional facilities, which states that the call is coming from a convict at a particular prison. On the other hand, the criminals devise a foolproof plan and try to leave no clues which might help in identification later on.

Message: verse 1

He turned to and soon started seeing a young woman whom I'll call Lisa—she doesn't want her real name published. He was terrified one night when his base came under rocket fire.

Babar Ahmad: a message from my prison cell

I want to remind you that an adviser to the prime minister complained about this subject to a judge. Zacchaeus was going to let nothing prevent him from fulfilling his plan of restitution.
