Global Minor Use Summit, pesticides 2017-11-08 The trade deal, one of Canada's most ambitious trade initiatives, opens new markets in the European Union for agriculture and agri-food exporters.

Agri

The 1921 Census was the sixth comprehensive decennial census since on 1 July 1867. It serves as a basis for public and private decision making, as well as research and analysis in areas of concern to the people of Canada.

2021 Census of Agriculture

It is an example of an empty data table used by respondents to provide data to Statistics Canada.

Surveys and statistical programs

New or changed questions were developed in Head Office in consultation with industry experts and tested a number of times with farm operators across Canada through one-on-one interviews on their farms and in focus groups. For example, we have been able to determine that for column 15, Place of birth, the following codes were used on some pages: 1 Canada, 2 United Kingdom, 4 United States, 5 Europe, 7 Asia, etc.
