## Max Weber: The Protestant Ethic and the Spirit of Capitalism (Revision Notes)

Amleto Spicciani, Capitale e interesse tra mercatura e povertà nei teologi e canonisti dei secoli XIII-XV Rome, 1990. Each of these explanations has been advanced in the attempt to describe the primary cause of those changes in economic behavior that have lead to the distinction between the modern and pre-modern worlds. The Unbound Prometheus: Technological Change and Industrial Development in Western Europe from 1750 to the Present.

## The Weber

What social significance did religion have: in the later Middle Ages; in early-modern Europe? Capitalism and the Reformation, in the series Problems and Perspectives in History London, 1967 : Another collection of essays on this debate.

## Calvinism, Capitalism and Confusion: The Weberian Thesis Revisited on JSTOR

In what other ways might Protestantism in general have broken down traditional barriers to capitalism and economic development, and fostered greater economic individualism in the early-modern era? To Weber, the market system was not an idealized means of solving social problems. Non-economic factors play a role in human behavior.
