Your Guide to Foreign Direct

## Investment in Canada

The scope of the General Agreement on Trade in Services GATS includes investment in services industries.

## Your Guide to Foreign Direct Investment in Canada

In the long-term, the Canada Foreign Direct Investment is projected to trend around 14300. We see increased trade flows and investment as critical factors to recovery.

## Foreign Direct Investment in Canada: Tips for Foreign Direct Investment in Canada

To have the minds that we do, to have the energy and the capacity that we do, that just speaks volumes to what people are in need of. Message to Investors We are a reliable partner, we are a reliable hub, we are a reliable platform.

## Foreign Investment

We have the talent, we have the resources, we have the growth potential. When an international firm uncovers a cheaper source of supplies or labour in another country, it might close down its Canadian operation. Canadian direct investment abroad CDIA is even higher at about 35.

## Doing Business in Canada: Foreign investments

This reverses the traditional paradigm of trade creating investment opportunities: in the global era, direct investment abroad appears to be a key factor in stimulating increased trade. For some of these firms it became desirable to set up distant branch plants that were closer to natural resources, or to local markets that could be best served by a local plant.
