Not only do they need demonstrate disciplinary knowledge, they also need to strictly follow the rather complex rhetorical structures that characterize a piece of scientific essay e.

**Selected bibliography of recent scholarship in second language writing**

College Station, TX: Association for the Study of Higher Education. Briefly surveys the history of K-6 Latin programs, provides an annotated list of textbooks available, and describes characteristics of younger learners. Sample mini-lessons are included in a number of chapters.

**Bridging the Reading**

For the latter, we are reminded of the advice given by Hemmingway that like any other skills, daily practice is indispensable. Briefly describes why we need to accommodate LD students, why Latin may be a good language for LD students to study, and offers some basic ways to accommodate LD students: response journals, accountability logs, multisensory approach, vocabulary techniques, verb and noun charts, and testing accommodations. Provides ways to focus on meaning when reading.

**Bridging the Reading**

New York: Oxford University Press.
