## Woodland Period

This section contains any flaked stone implements other than projectile points and knives made by Native Americans.

## How to Identify an Indian Tool Made From Rock

Arranged alphabetically by manufacturer's name, the book is easy to use. Descriptions, type, material, time period, size, location, and current collector value are given for every piece. Bennett, this co-authored identification and value guide focuses on the very popular and often ornate Indian bannerstone artifacts of ancient America.

## Artifact Identification

Humorous and informative, it's a must for any hunter and is already a Canadian best-seller.

## Indian Artifacts of the Midwest

This section contains the symbols and ceremonial objects and their suggested meanings used by Native Americans in the celebration of the Southeastern Ceremonial Complex.
