## Why America Thinks It Has to Run the World

Even people who religiously read the newspapers fail to grasp that U. That requires a combination of active diplomacy and military deterrence.

## A Foreign Policy for the American People

The half millennium during which Europe was the world's primary generator of war as well as of wealth and knowledge is coming to a close. Moreover, appreciation for the U.

## Will the World Take the United States Seriously After the Capitol Invasion?

We must be resolute and confident once we have embarked upon a policy.

## America's Role in the World

They help us situate the current U.

## America's Role in the World

But strategic clarity does not come easily.

## Why America Thinks It Has to Run the World

But when foreign-policy officials and experts discuss the Korean crisis among themselves, they rapidly leave the Koreas behind to focus on the real players in the region: China and Japan. It also means encouraging regional governments to facilitate these efforts, to invest in the education and empowerment of their people, and to address the societal, economic, and governance issues that are key to future peace and success.

## **America's Role in the World**

Released on April 23, 2002. While the bonds across the Atlantic remain strong, they are being stretched in new ways — and, yes, even strained at times — as the Europeans search to develop a common approach to international affairs consistent with their power and interests, and as we seek to enlist European cooperation in the world beyond Europe.
