Department of Energy—were included in P. Goren Management Emek Hefer, Israel and 3AM Innovation Buffalo, New York to develop a personal device for firefighters that provides a real-time indoor location tracking of people.

Cooperative Research and Development Agreements (CRADA)

However, the situation has changed significantly due, in part, to legislative requirements as well as to the changing global defense situation and new demands on the Department. FDA laboratories are interested in working with non-Federal parties to collaborate in developing and moving new technologies to market. For more information on CDC's web notification policies, see.

Collaborating with EPA through the Federal Technology Transfer Act

When technology transfer is successful, new and different goods and services become available to meet or induce market demand. If you do not have access to the Internet, you may view the docket online by visiting the Docket Management Facility in Room W12-140 on the ground floor of the Department of Transportation West Building, 1200 New Jersey Avenue SE.
